some confusion on these and the Northwest Candy Co. tokens. The
N.W.C.Co.tokens were in use at several Alaskan canneries which had

The N.W.C.Co. tokens were in common use at Chignik and Nushagak,

MAVERICK IDENTIFICATION

NO.	TOKEN	IDENTIFIED BY
529	408 WABASHA J.C. Minneapolis or St. Paul, Minnesota	Stephen Alpert Los Angeles, Calif.
563	12TH WARD INDEPENDENT DEMOCRATIC CLUB was identifi- fied by Mr. Hindebaker, Jr. in the June issue. Dr. Aqua adds that it's from York, Pa.	Herman Aqua Lockport, Pa.
604	GEORGE III-REX BRITANNIA 1777. Jerry F. Schimmel, San Francisco, Calif. writes that this item is what Peter Pesky in 'British Tokens and Their Values' calls 'Imitation Royal Halfpence of the 18th Century.' Many tokens were struck privately in the late 1700's when the government of George III refused to strike anymore. There were many merchant tokens and many were struck in fantasy, similar to government strikes, but with incorrect wording, wrong dates, etc.-the date of 1777 is wrong for George III. Also there were many counterfeits. All collectible.	
605	2 MORILLIA (oval). Mr. Schimmel attributes this token to Mexico and writes that in the late 1800's several towns in the states of Michoacan and Veracruz struck their own necessity money. Morelia is the capital city of Michoacan and the token was likely struck there. The numeral of value "2" means two reales (equal to 25c.). This denomination is com- mon on Mexican tokens.	
630	SILVER CUP (Picture of loving cup)/CHAS. FRY & CO. San Francisco, California	Stephen Alpert J. Blake Godfrey Aberdeen, Wash.
631	GOOD FOR (monogram) 12 1/2c (circle cutout) Hank Reidling of Dallas. Terry writes that he has a token with the same monogram and hole in the middle but with the words 'Salt Lake' and his is in white metal. The man from whom he bought the token said it was a transportation token but Mr. Reidling doubts that it is. The seller's idea was that the mono- gram stood for Denver Western Co.	
645	VICTORY BELL (circle cutout) Amusement and/or slot machine token.	Stephen Alpert J. Blake Godfrey
646	LIBERTY BELL (circle cutout) Amusement and/or slot machine token.	Stephen Alpert J. Blake Godfrey

wishes to make a correction on the identification of this token (see
Maverick Issue 6) From 1910 to 1916 there was a small country store
with a post office named Carmel, Minn. which was located 8 miles east of
Grygla, Minn. Grygla is located in the east end of Marshall County and
Carmel was located in the next county which is Beltrami County. Carmel
no longer exists. When this store did exist, it was a branch store of
the original 'Grygla Co-operative Co.' of Grygla, Minn. The Grygla,
Minn. store is still in operation today. They also used a set of tokens
alum, round 5¢, 10¢, 25¢, 50¢ and \$1.00 and also a brass round \$5.00 to-
ken. 'Carmel Dept.' on the octagon tokens indicated the branch store at
Carmel, Minn. where these tokens were used. There is a set of these to-
kens, 5¢, 10¢, 25¢, 50¢ and \$1.00 and all are aluminum, octagonal.
(Mr. Sailor has a few of both sets for trade.) | |
